Sprint Review Checklist

Sprint No.	1
Project Name	Locust – Tracker for Safety
Reviewer's Name	Jimuel Celeste, Jr.
Review Date	January 28, 2020

This checklist is to be used to assess if sprint goals have been achieved during the sprint. Particularly, if the target features of the software have been built based on user acceptance criteria.

Functional Goals:

User Acceptance Criteria	Compliance		Remarks
	Yes	No	
UC1.1-S1: User adds a receiver (Basic Flow)	y		No input-constraints yet. To follow on the next sprints.
UC1.2-S1: User removes a contact as a receiver (Basic Flow)	y		
UC1.1-S3: User cancels adding a new receiver after reviewing input	y		
UC1.1-S4: User cancels adding a new receiver after editing data	y		
UC1.1-S2: User edits inputted information before finalizing	y		
TOTAL	5	0	

Tester's Comments:

Everything is working as expected.

Usability Goals:

If interfaces will be delivered at the end of the sprint, evaluate the system according to Nielsen's Usability Heuristics. For items that are not applicable, check **NA**.

Nielsen's Usability Heuristics	Strongly Disagree				Strongly Agree	NA
	1	2	3	4	5	
Simple and Natural Dialogue					y	
Speaks the Users' Language					y	
Minimize User Memory Load					y	
Consistency					y	
Feedback					y	
Clearly Marked Exits					y	
Shortcuts				y		
Good Error Messages					y	
Prevent Errors					y	
Help and Documentation						NA

Reviewer's Comments:

On viewing the list of all receivers. I think it would be better to see the names and phone numbers displayed separately, in a label-content format. This formatting might help the receivers to easily find names.

On deleting a receiver. It is working fine, and is actually good. However, I hope there is a more 'natural' way to delete a contact: swipe left or right or a long press. But this is not urgent, and the app will work fine without this behaviour.. :)
